Washo

1784 (29 Feb.; M. C. O. L-5: opp. 266) Plat of 3440 a. of the Estate of Sampson Neyle conveyed to John Middleton bounding NE on the Santee R.; SE on John Williams, Alexander Rose, & part on Allegator Crk.; NW on John Huger, John Collins, and part of the estate of Neyle sold to "Mrs. Rebekah Motte" (cf. the next entry); SW on part of the estate sold to Jonah Collins.

From the mouth of Allegator Creek to the unnamed creek at the NE corner of Mrs. Motte's land is about twelve inches; with a scale of twenty chains to an inch (66 X 20 X 12=15,840), the two creeks are three miles apart. Since the creek on the Motte property is definitely Washo (cf. 11 June 1784), Washo can be definitely said to be the present Collins Crk., flowing into the S. Santee R. at 33 10N 79 23W. King Jeremy's (q. v.) plantation was then, to the north between it and Washasha (q. v.) Crk.

1784 (11 June; M. C. O. K-5: 358-365) Estate of Sampson Neyle conveys 400 a. to Rebecca Motte, 200 of which were "to the Northward part on said Santee River part on Washo Creek and part on lands belonging to Mr. Jonah Collins to the Westward on said Collins and to the Southward and Eastward on lands late belonging to the Estate of Sampson Neyle aforesaid now the property of John Middleton Esqr." The plat opp. 362 has "Washaw Creek" (Ephraim Mitchell, Sur.). This is the plantation called El Dorado (Stoney 1955: 73). Cf. the previous entry.

1796 (22 Jan.; M. C. O. X-6: opp. 250) Plat by Joseph Purcell of Alexander Inglis land north on "Washashaw Creek," said tract "called Washaw." Also "Road to Washaw Plantation" and mention of "Washaw Settlement," all on the southside of the "South Branch of Santee R." The text (p. 250) has "Washaw" Creek.

Washoe (Washoe, c. 1685*, c. 1695, & 1711; Washoo, 1696)
Place on James I. near the head of James I. Crk. at about 32 45N 79 58W.

c. 1685 (Mathews) "Washoe" marked on James Island near the head of the present James I. Crk. at about 32 45N 79 58W. This word does not seem to be a variant of Wappoo because Mathews referred to it in his 1680 account as 'Wappock creek' and 'Wappoth Creek' and because Washoe seems always to have been used to refer to a place instead of a creek.
Wassamassaw

c. 1695 (Thornton-Morden) "Washoe" shown at the headwaters of James Island Creek in much the same place as on the Mathews c. 1685 map, which it largely copies.
1696 (7 July; Salley & Olsberg 1973: 555) Warrant for Robert Gibbs for 191 a. "Comonly Called Washoo." On Thornton & Morden's c. 1695 map, "Gibbs" is shown on the present Plum I. (32 45-32 46N 79 57-79 58W) approx. 1 m. N. of "Washoe" (as well as N. of Wappoo Crk.).
1711 (Crisp) "Washoe" as on the Thornton-Morden c. 1695 map.

Washoo, var. Washoe

Washua (Warsaw, 1693; Washua, 1701*; Wassa, 1825)

1701 (Cheves 1897: 341, n. 2) John Norton owned "Washua and Data islands, in Granville Co." in 1701. Cf. Data and Escamucu, 1686. This grant is not listed in Green's Index, and Cheves does not give a source.
1825 (Mills, A) "Wassa Isld." (same as 1963).

Wassa, var. Washua

Wassamassaw (Wasamasaw, c. 1715; Wassamassaw, 1706, 1723, 1730, 1738, 1963; Wassamaw, 1757; Wassam-issau, 1709*; Wassamsaw, 1725; Wassamssaw, 1727; Wassanissa, 1707; Wassansaw, 1706; Wassumsaw, 1715, 1727; WassumSaw, 1707; Wassum Saw, 1705; Wausamssaw, 1711)
Swamp (1705, 1706 [2], 1707, 1709, 1723, 1727, 1730, 1757, 1963) at the head of Cypress Swamp (N from about 33 09N 80 11W), a tributary of the Ashley R.

1707 (23 Jan. 1706/7; Salley & Olsberg 1973: 636) Warrant for Madam Margarett Moore's 500 a. "Joyning to her plantation on Wassanissa...."
1707 (1 July; Salley & Olsberg 1973: 637) Warrant for Timothy Kelly's 100 a. "bordering on WassumSaw Swamp...."
1709 (21 Oct. 1709; Salley & Olsberg 1973: 651) "Isaac Porcher Senr.; Vincent Gareing Tho: Gareing & Danll. Couturiere had a Warrt. for 3000: acres of Land lying between Lands of Robert Flood & so runs into Wassam-issau Swamp...." The "-issau" ending probably is "eesauh" or river in the Catawba language (Galletin 1836: 334).
1711 (5 May; Anon. 1694-1740: 332) Plat of land "in Berkley County Lying & being near Wausaum Saw" "laid out unto Mr. Nathaniell Partridge" by Thomas Broughton, Surveyor General.
1715 (7 May; Anon. 1712-1715: 392) Soon after the outbreak of the Indian War of 1715, the House ordered "That a Garrison be built at...Wassumsaw Plantation...."
1715 (Anon.) "Wassamasaw" is shown mid-way between the Ashley R. & Edisto R. about 20 m. from the coast. The previous entry makes it probable that this indicates the Plantation or garrison.
1723 (30 May; Moore & Simmons 1960: 92) Will of Thomas Smith leaves his son Thomas "land at Wassamassaw Swamp, residue of tract had [inherited] of Landgrave Thomas Smith...."
1725 (15 May; Council in Salley 1945A: 117) The "Wassamsaw" inhabitants were exempt from having to work on the new road.
1727 (11 Jan. 1726/7; Commons House in Salley 1946: 60 & 62) The inhabitants of "Wassumsaw" Precinct submitted a petition.
1727 (27 Oct.; Moore & Simmons 1960: 127) Will of Charles Colleton leaves his sons George, Charles, and James lands all on or near "Wassamassaw Swamp."
1730 (5 Aug.; Moore & Simmons 1960: 157) Will of William Adams leaves his sons John Francis land on "Wassamassaw Swamp called Perriman's...." and Robert "part of Wassamassaw land...."
1738 (6 May; Moore & Simmons 1960: 254-256) Will of Landgrave Thomas Smith leaves "land in Wassamassaw" to his sons Henry and Thomas and to his daughters Mary Scriven and Elizabeth.
1757 (DeBrahm) "Wassamaw" on the south side of the upper reaches of Ashley River (due west of Moncks Corner).

Watcow (Watcow, 1680*, 1681; Watroo, 1682, c. 1695)
Creek now called Beresford Crk., flowing along the N side of
Daniel I. from the Cooper R. (32 52N 79 56W) to the Wando
R. (at 32 52N 79 53W). The western section seems, however,
to have been called Ittchicaw (q. v.).

1680 (15 Dec.; Anon. 1675-1709: 122) James Hutton "of Ittawan
Island" sells to Phillip Doldridge his plantation of 70 a.
"bounding upon the lands of Thomas Aucllin [?] Eastward,
and on the land of George Ruberry south and West and on
Watcow creeke Northward...."

1681 (28 Sept.; Anon. 1675-1709: 139-140) Transfer of 250
a. by Edmund and Hannah Fogitee to John Birisford "being
Watcow

upon a certaine parcill of land inhabited by Indians and knowne by the name of watcow and lying and being upon the land of Thomas Proctor Wistward and upon Watcow= creek Southward and upon the land of the sd. John Birrysford Eastward...."

"Beresford" is shown just N of Beresford Cr. with "Procter" just west of him on the Thornton-Morden c. 1695 map, confirming the identity of the two creeks (& cf. 1695).

The Indians were probably the Sampa (q. v.), who are on the Wando just north of the mouth of Beresford Crk. on Mathew's c. 1685 map.

1682 (22 June; Anon. 1675-1709: 182) Grant to Jonah Lynch for 780 a. "on the southside of the Eastern branch of Cooper river at a place called Wattesaw als. the blessing ...."

1931 (Smith: 169) Smith quotes a copy of this as reading "Mattesaw" (M. C. O. Bk. R 11, p. 116), but the 1842 reference has only "the Blessing." Smith's map (opp. p. 4) shows "The Blessing Plantation" on the SE side of the E Br. of Cooper R. about 3 m. E of where it meets the W Br. (Cf. Stoney 1932: 135: "Judge Smith surmises that Lynch may have journeyed to Carolina on the Proprietor's ship 'Blessing.'")

1963 (SCSHD) The "Blessing Plantation" is shown in the same location on Cooper R. (30 03N 79 52W).

Wedboo (Webdo, 1749, 1791; Webdoe, 1728*; Wedboo, 1825, 1963)
Place (1728) probably on the Crk.
Swamp or Creek (1749, 1825, 1963), the present Wedboo which
flows into Dufford Crk. at 33 20N 79 47W.

1728 (24 Mar.; Moore & Simmons 1960: 141) Will of John Ashby
leaves to an unborn child the "plantation called 'Webdoe,'
on Santee River."

1749 (2 Jul.; M. C. O. Plat Bk. A, p. 43) Plat of the Estate
of Thomas H. Thomas, St. Stephens Parish, 1,225 a., shows
land either side of the "Head Waters of Webdo Swamp."

1791 (Mouzon) "Webdo Creek" for the present Wedboo Crk.

1825 (Mill: B) "Wedboo Creek" & "Wedboo Bridge. Since all
known earlier forms end in -do or -doe (as in Wando) rather
than -boo, the original form was probably Webdo.

1963 (SCSHD) "Wedboo Creek" flowing into Dufford Crk. at 33
20N 79 47W (Dufford flows into Santee R. about 2 m. SE.).
At the head of Wedboo Crk. is "Wedboo Bay" (swamp).

Weeahoe, var. Weehoy

Weeho, var. Weehoy

Weehoy (Weeahoe, 1720; Weeho, 1697; Weehoy, 1694*; Wehoy, 1694)
Place S of the Wando R. between it and the W Br. of Horlbeck
Crk. at about 32 51N 79 50W.

1694 (9 July; Anon. 1675-1709: 304) Grant to Robert Fenwick
of 500 a. which "lys wast, and is Scituate on Wando river,
Knowne by ye name Data, ajoyning a Creek, separating it and
Majr. Boons land at the one side, and to a place named
Weehoy on the other side in Berkly. County." Boone's land
(Boone Hall Plantation) is just S of the W Br. of Horlbeck
Crk. so Weehoy must have been just N of the W Br.

1694 (13 July; Salley & Olsberg 1973: 466) Warrant for Robert
Fenwick's 500 a. on "wandoe River knowne by the name of
Data ajoyning to a Creek separating it, and major: Boones
Weehoy

Land at the one Side and to a place named wehoy one the other Side in Berkley County...." Cf. the previous entry. 1697 (12 Mar. 1696/7; Salley & Olsberg 1973: 571) "Nathaniel Snow had a Warrt: for all that Land Lying betweene Dauhe & Weeho plantacons...."

1720 (18 Mar. 1719/20; Moore & Simmons 1960: 68) Will of George Logan leaves to his son George a "plantation called 'Weehoe' and mansion house...." Later, it mentions "Weehoe' plantation where son George lives...."

Wespanee (Wespanee, cf. 1915*; Westpenney, 1696)
Possibly an Indian name for a place on Old Town Creek at about 32 48N 80 00W.

1696 (21 July; Salley & Olsberg 1973: 555) "Warrant by John Archdale to John Berisford, Sur., for Francis Blanchard's 100 a. "upon old Towne Creek & Joyneing to the Plantation of the Sd= Blanchard Called Westpeney...." (Blanchard's only previous warrant, 1 July 1695, p. 507, gives no location.)

1915 (Smith: 13) "In the grant to Capt. Godfrey "Grant Bk., 38, p. 364" the locality to the North is styled 'Wespanee.' This would appear to have been the Indian name of the locality. It is the first time it appears by name on the record. The name Wespanee if correctly so given in Godfrey's grant was soon modified to 'Westpenney.'" Cf. the map opp. p. 1: the grant was opposite Old Town across Old Town Creek at about 32 48N 80 00W. "Col. Godfrey" is shown there on Thornton & Morden's c. 1695 map.

Westo (Westo, 1670*, 1696, 1717, cf. 1914, cf. 1919; Westo bou, 1672)
Tribe (cf. 1670) which devastated the Lower Coast in or shortly before 1670. The name means "enemies," though, and presumably was at times applied to other tribes. River (1672), "Westo bou," the present Savannah R., flowing into the Atlantic Ocean at 32 02N 80 50W.
Westo

Place (1696, 1717; cf. 1914 & 1919), a savannah S of the Ashley R. near its head.

1670 Cf. Sewee (Carteret, 1670) for the account of the "Westo," who had recently raided the Lower Coast from St. Helena to Charleston Harbor. For their identity and subsequent history, cf. Milling 1940: 73-83.

Since they were not an indigenous tribe, they are mentioned here only because the name "Westo" seems to be a local word. They are known as the Rechahecrians and Oostack elsewhere.

1672 (Dalton: 378) Dalton wrote "there is a river next St. Helena to the Southwards called by the Indians Westoe bou signifying the enemies River...." The Indians that early would likely be the local ones—particularly the St. Helena (although the Sewee are specifically known to have used the word; cf. 1670). "Westo" thus means "enemies" and was probably applied to all enemies (cf. Wando, 1670); the Rechahecrians (if that was their name) were only the most recent and most terrifying. See also footnote 406 herein.

1696 (19 Mar. 1695/6; Salley & Olsberg 1973: 536) Warrant for John Stevens 550 a. "bounding to ye Westwarde upon the Land of Sd= John Stevens & is comonly Called ye Westo Savano...."

1717 (24 Dec.; Moore & Simmons 1960: 58) Will of John Stevens leaves to his son Samuel "house and land at Westo Savanna on south side of Ashley River...."

1914 (Smith: opp. 149; 153) Smith's map of Landgrave Ketelby's Barony shows "Westo Savannah" and "Westo" Plantation just north of Ketelby's and Ashley Baronies on the south side of Ashley River.

"To the North of the Ketelby grant lay the 'Westo' plant- ation on Westo Savannah near the head of Ashley river which was granted on 8 September 1697 ["Off: Secty of State, vol. 38, p. 337"] for 1000 acres to John Stevens of Dorchester...."

1919 (Smith B: 174-175) Smith mentions Andrew Percivall's grant of 2,000 a. at "Weston and formerly known by the name of the Ponds" (Proprietary Grants, vol. 38, p. 61).

"This 2000 acres is situated on the upper part of the Ashley River swamp called Westo or Westoe Savannah. The grant of 1000 acres in 1697 to John Stevens a little lower down the river was always called Westo [cf. 1914]. It is said to be the stopping place of the Westo Indians on their periodical, or sporadic, predatory raids on the coast Indians. At the same time in the later deeds the property is distinctly called Weston Hall, so Percival may have named it after some place in England."
Westo bou

Westo bou, cf. Westo

Westockon (1704, 1918) Place, probably Yeaman's Hall on Goose Crk. at 32° 55' N 79° 59' W. Possibly identical (instead) to Dockon (q. v.).

1704 (30 Mar.; Salley & Olsberg 1973: 615) "Landgr. Thomas Smith had a wart. for all ye marsh leying before his plantacon Called Westockon...."

1918 (Smith: 69-72) Westockon seems to have been the marsh of Goose Creek at Yeaman's Hall. The Smith's held so much land and their genealogy is so complicated that even H. A. M. Smith could not be sure.

Another possibility is that Westockon is identical to Dockon (q. v.; suggested by Dr. Laura M. Bragg).

Tribe (1671, 1684 [4], 1686, 1696) of the Port Royal Region. Island (1687, cf. 1699, c. 1700, 1704 [4], 1705 [3], 1706, 1711), now Port Royal I. (32° 20-32 31' N 80° 41-80 49' W)

Creek (1705, 1825, 1963), flowing into Bull R. at 32° 32' N 80° 35' W.

1671 (Mathews: 334) The 'Wimbee' are listed north of the Ashepoo and south of the Edisto, are called "our friends," and are said to have peaceful relations with the sixteen other Carolina tribes listed (cf. Kussoe, 1671). At this date, Mathews was probably mistaken; they should have been listed before the Ashepoo.
Wimbee

1684 (13 Feb. 1683/4; Anon. 1675-1705: 193-195) Cession to the Proprietors of Carolina by "the Casique of Wimbecon" (twice on p. 193); ten pounds and other valuable considerations purchased "all that Tract or parcel of land situate lying and being in the Province of Carolina a bounding on the East and South with the sea on the north or north East with Cumbahe and St. Helena and other Lands not Inhabited on the West or northwest with the great [blank left in MS] of Mountains commonly called the [blank left in MS] and on the South or Southwest with Port Royal [Parris Is.; cf. Escamacu, c. 1685] and lands not Inhabited...." "Casique of Wimbee" on p. 194; "Casique of Wimbee" (twice) and "the mark of the Wimbee Casique" on p. 195. Cf. Kussah.

The copy in Anon. 1682-1690, III, 131, has "Apalathea Mountains."

1684 Cf. the separate 1684 cessions by the St. Helena (where the Wimbee are mentioned to the southwest) and the Combahee (where they are mentioned to the south or southwest).

1686 (Salley 1916: 72-73) On 2 November, Maurice Mathews was granted one thousand acres of land for negotiating the 1684 cession with "the Cassique of Wimbee" and chiefs of seven other tribes (cf. above and Kussah, 1686).

1687 (Dunlop: 130) Dunlop spent the night of 24 April on "Wimbee Isle," about 5 m. from Stuartstown. The next day, he proceeded to the entrance of Sanford sound (Calibogue) and "...there came to me another canow wt. 6 more Yamasses & 3 Wimbee Indians...." Cf. c. 1700; Wimbee I. was Port Royal I.

1696 (Cooper 1837: 108-110) Act 128 ratified 16 March 1695/6, provided magistrates to settle Indian controversies and required each hunter of "the nations of...Wimbehe" and ten others (cf. Kussah, 1696) to remit one predator's skin annually by 25 November or be flogged. Another act (p. 109) prohibited supplying the Indians south of the Edisto River with liquor (thus including the Wimbee). Indians bringing in additional predator's skins received one pound of powder and thirty bullets.

From the way the tribes are listed, the Colonists seem to have permitted each one to occupy at least part of the territory it had ceded twelve years before.

This is the last specific mention of the tribe. They

349
Wimbee

seem to have left Port Royal I. prior to 1699 (q. v.).
In 1704, four warrants totalling 2,500 acres were issued
for Wimbee (Port Royal) Island. Probably, they moved
to Wimbee Crk. (cf. 1705).
1699 (9 Mar. 1698/9; Salley & Olsberg 1973: 586) "Majr.
Robt. Daniell had a Warrt. out of ye Secretry's Office
for all that Tract of Land Call'd Port Royall Island,
in part of ye Lands belonging to him as one of ye
Landgraves of Carolina...."

Presumably the Island presently called Port Royal Island;
each landgrave was entitled to 48,000 a. (Cheves 1897:
94-95). The Wimbee must have been gone from the island
by this time (cf. 1696). No grant seems to have been
made, however; cf. 1704.

Alexander McKay's 1000 a. "on Wimbee Island joyning to

1704 (7 Aug.; Salley & Olsberg 1973: 620) Warrant for
Daniel Callahan's 500 a. "on Wembee Island."
1705 (12 Jan.; Anon. 1675-1705: 510) Grant to Stephen Bull
on "Wimbee Creek" in Granville County, bounding also
to the southward on "Coosa River" (cf. Kussah). This is
evidently the same as the present Wimbee Creek which flows
into Bull R. at 32 32N 80 35W.
1705 (12 Jan.; Anon. 1675-1705: 510) Grant to William Bull
for 500 a. "in Granville County on Wimbee Island on a
place called Walmuth Bluff bounding to the South on Bulls
Creek...." Cf. 27 Apr. 1704.
1705 (18 June; Anon. 1709-1712: 186) Note (n. d.) by Job

Cf. the previous entry.
1706 (Thornton) "Wambee Island/The Scotts Settlements"
written on Port Royal Is. "The Scotts Settlements" is
copied from Mathews c. 1685 map, but Mathews does not
have "Wambee Island." The information seems to date
from c. 1685, though, because the Scots' settlements

Wina (Wambee [?], 1711; Wena, 1684 [cf. 1687]; Wina, 1687*, cf.

Indian (1687, cf. 1922) who lived on or near St. Helena Sound.
Creek (1703, 1711) probably named for the Indian; likely the
present Eddings Crk., which flows into the Morgan R. at

1687 (22 Apr.; Dunlop) "This morning I called for the Ashepow
Indians but found none of them willing to goe with me [south
of the Savannah River]: I called likewise for Wina, but
found him not so came to Stuartstown on Port Royall. This
day 30 miles." The day before he had spent the night at
the mouth of the Ashepoo River, so Wina resided between there
and the Scottish settlement, which according to Cardross
and Dunlop was "twentie miles from the mouth of the river
Port Royall...free of swamps and marishes, a high bloffe..."
Because of the date, form, and prominence of Wina, he
is probably identical to the "Wena" who was one of the two
interpreters during the 1684 cessions (cf. Stono & Kussah).
The location and sound also are right for him to be "Ynna,"
who was among the Spanish in 1671 (cf. Combahe and footnote
407 herein).

1703 (4 Feb. 1702/3; Anon. 1711-1715: 203) Note by Edmund
"on St. Helena Island in portroyall County and bounding
to the North East on St. Helena Sound, to the North and
Northwest on a Creek comonly Called Winaes Creek to the
South and S East on John Stewarts Land, to the Southward
on Land not yet Laid out...." This form should probably
be "Winae's" or the creek of Winæ, which in form and
location is so similar to Wina that the two are probably
identical. Cf. the next entry.

1711 (7 Sept.; Anon. 1711-1715: 214) Note by Thomas Broughton
for a plat of Thomas Nairne's 36 a. "on St. Helena Island
in Granville County Bounding to the North on the head of

Wina

Wambee Creek to the west on Jno. Stewart's Land head of deathea Creek and on Thos. Nairn's Land to the south on marsh Belonging to ye sd. Nairne to the east on part of the s. nairn Land and on Jno. Stewart Land...."  "Wambee" is probably a mistake because Nairne's 1703 grant, almost certainly referred to here, gives "Winaes" and because Wimbee (q. v.) Crk. is otherwise N. of the Coosaw R.

Since Winaes was separated from Datha Crk. by only 36 a. and since Datha Crk. was probably Jenkins Crk., Winaes was probably Edding Crk., which flows into the Morgan R. at 32 27N 80 32W.

1922 (Swanton: 23) "Wina. Mentioned as an Indian met near Port Royal in 1681 along with another named Antonio. It may be merely the Spanish Juan." This is probably the same individual mentioned in 1687 since the vicinity is the same and only six years separate the encounters. Unfortunately, Swanton gives no source.

The date is important because it proves Wina was a local Indian (rather than one of the Yemassee who began arriving two years later). He may have been a Combahee, St. Helena, or Kussah. If he is identical also with "Ynna" (1671; cf. 1687), he was probably a Combahee and his name is probably Indian.

Wisboo (Wisbee, 1741; Wisboo, 1741, cf. 1931 & 1932; Wishboo, 1708; Wiskbo, 1696a; Wistobo, 1697)

Creek (1696, 1697, 1708, 1741, cf. 1931 & 1932), now French Quarter Creek, which flows into the S side of the E Br. of Cooper R. just NW of Ahagan at 33 04N 79 54W.

1697 (6 Mar. 1696/7; Salley & Olsberg 1973: 571) Warrant for Humphry Torquett's land: "all that Ceader Swamp lying betweene the Hagan Bluff and the Bluff in Wistobo Creeke...." The resemblance to "Westo" bou is probably coincidental because this form does not recur and because Westo bou
Wiskinboo

was used to refer to the Savannah R. as early as 1672, but this could be another "enemies waterway" (cf. Westo).
1708 (4 Dec.; Salley & Olsberg 1973: 643) Wm. Sherman's warrant for land at "the Hagin" "fronting on Cooper River & wishboo Creeck."
1741 (11 May; Anon. 1742: 327-334; opp. 332) Plat and grant of 202 a. by Henry Videau to John Padgett; "Wisboo Creek" on the plat, & "Wisbee" in the grant.
1931 (Smith: 172 & opp. p. 3)

The grant to Samuel Wilson [1688] covered only the high land along the river from Ahagan [q. v., 1748] Bluff to Wisboo Creek. The considerable swamp margin between the river and the high land was ignored. On 11 Jany 1700 a grant was made to Humphrey Torquett for 320 acres ["Proprietary Grants, Vol. 39, p. 400"] covering all the Cedar swamp between Ahagan bluff and "Wisbooe" creek and bounding South on Ahagan lands. The name Ahagan shortened was then applied to the Plantation.

Witcheaugh (Watchcaw, cf. 1966; Wichcaugh, 1686; Witcheaugh, 1684*; Witcheaw, 1726)

Tribe (1684, 1686) on the Coast between the Broad R. and the Savannah R.; they seem soon to have moved to the Island.

Island (1726) or islands between Ashepoo and Chehaw Rivers at their mouths (32 30-32 35N 80 25-80 33W).

1684 (13 Feb. 1683/4; Anon. 1682-1690: 115-117) Cession to the Lords Proprietors by the "Cassique of Witcheaugh" (seven times) of

all that tract or parcell of land scituate lying and being in the Province of Carolina Bounding on the East or South East with the Sea on the North or North East with St.Helena & lands not inhabited on the West or Northwest with the great ridge of Mountaines commonly called the Apalathian Mountaines and on the South or Southwest with the Westow river & uninhabited land....

Signed with the mark of "The Cassique of Witcheaugh."

Same procedure as Edisto (q. v.); cf. also the joint cession under Kussah, 1684.

1686 (Salley 1916: 72-73) On November 2, Maurice Mathews was granted one thousand acres of land for negotiating the
Woosah

1684 cession with "the Cassique of Wichcough" and chiefs of seven other tribes (cf. Kussoe, 1684, and Kussah, 1684 & 1686).

1726 (30 Aug.; Moore & Simmons 1960: 126) Will of John Smilie leaves his sons John and William "land on Witcheaw Island between Ashepoo and Chehaw Rivers." Only Boulder Island (32 33-32 35W 80 30-80 32W) is between both the Ashepoo and either the Old or New Chehaw Rivers so it seems to be intended. The Witcheaw must have moved north to this locality sometime after 1684, possibly soon afterwards because of pressure from the incoming Yemassee.

Woosah (Esau, 1732*; Esaw, cf. 1918; Huzza [X], cf. 1918; Onsaw, 1800, cf. 1918; Oosa, 1918; Woosah, cf. 1918 & 1932; Woo=saw, 1700; Woosaw, cf. 1918; Wosa, 1918)

Creek: These forms derive from the Siouan word for creek or river (1732 & cf. 1918). According to Smith (1918), "Woosah" is the form generally used in early documents to designate Filben Crk. (flowing E into the Cooper R. at 32 53N 79 58W) while "Onsaw" is generally used for Noisette's Crk. (flowing E into the Cooper R. at 32 52N 79 58W). The Indians seem to have considered neither creek important enough to give it a separate name. The City of North Charleston now fills the space in between.

1700 (20 Mar.; Anon. 1675-1705: 375) Grant to John Collins for 140 a. "in Berkley County...to the northward on a Creek commonly called Woo=saw Creek...," E on Capt. Jno. Clapp and Mr. Ralph Izard, W on Mr. George Gourdin. Cf. 1918.

1800 (June; Anon.: opp. 258) Plat by Jospeh Purcell of John Glen's 566 a. 'at the head of Onsaw Creek in the Parish of
Woosah

St. James Goose Creek...."

1918 (Smith: 66) "...a creek now called Filbens creek but which in the deeds mentioning it has a number of names applied to it--viz: Onsaw, Esaw, Oosa, Wosa, Huzza, Bakers, Gourdin's, and Logan's as well as Filbens creek. The earliest mention of it found by the writer is in a grant in 1700 to John Collins where it is called Woosaw creek [Proprietary Grants, vol. 38, p. 375]. On a map dated 6 April 1728 attached to a Release dated 12 April 1728 from Landgrave Edmund Bellinger to Charles Filbin it is plainly called Onsaw Creek [Memo: Bk., 1, pp. 27, 30]. Both names are afterwards used and it is also referred to as Gourdins, Bakers', Logan's, and Filbens creek from the names of landholders upon it. After comparing all the earlier written instruments he has seen the conclusion of the writer is the Indian name 'Woosah,' with its variations, was properly applicable to the creek between the Retreat and Oak Grove plantations now marked on the coast survey map as Noissette's creek (from a very late landowner of the name of Noisette): and the Indian name 'Onsaw' was applicable to the creek now called Filbens, but there is no doubt the name 'Woosaw' or 'Oosaw' was also used with regard to this last.

"Huzza" probably refers to or is taken from the European "Huzar," and although similar in sound is unrelated (cf. "R: Huzar" on the E side of Edisto Is.; Crisp 1711).

The reason both creeks were called by the same name is that "Esaw" means creek or river in the Catawba (Siouan) language (Galletin 1836: 332-334; eesauh=river). Neither creek seems to have had an Indian name of its own.

1932 (Stoney: 14 and map opp. p. 4) "In 1865 Oak Grove was conveyed to Paul Noisette, and since then the creek which runs to the south of the tract has taken its name from him, after having been successively, Woosah, Screvens, and Oak Grove Creek." On the 1962 C&S map, "Noisette Cr." flows into the Cooper R. at 32 52N 79 58W.

Yadhaw (1681), place E of the E Br. of Cooper R. and S of Quenby Crk., which flows into the R. at 33 06N 79 50W.

1681 (20 Apr.; Anon. 1675-1709: 138) Grant to John Ashby for 2000 a. "scituate on the Southermost side of the Eastern branch of Cooper River at a place called by the Indians Yadhaw...."

Smith (1931: 151) notes that "the Indian name of Yadhaw was not retained." It was changed to 'Quenby.' Stoney (1932: 166 & opp. p. 4) gives the location of Quenby Plantation at the junction of the E. Br. of Cooper R. and Quenby Crk., E of the R. and S of the Crk. (The Crk. flows into the R. at 33 06N 79 50W.)

Yantee (1696), place on the W side of Ashley R. between Wappoo Crk. and Old Town Crk. (about 32 46-32 48N 79 57-80 00W).

1696 (28 Oct.; Anon. 1675-1705: 319) Grant to Col. Robert Gibbes for 370 and ___ a. "in Colleton Co. lying near Ashley River and being...to the northward on land commonly called by the name of Yantee Plantation...." "C Rob Gibbs' is shown on the Ashley R. just N of Wappoo Crk. on Crisp's 1711 map.

Smith (1915: 50 & 56) notes "'Yantee' plantation, apparently the Indian name for the Proprietors private plantation ["Grant Bk. Vol. 38, p. 319"]"(56). "It was the same place known in later years as 'Hillsborough' plantation and is now in large part the site of a negro village or settlement called 'Maryville'" (50).

Yawwhoyawran (Yawwhoyawran, 1685*; Yonwhoyaran, 1685), the present Savannah R., flowing into the Atlantic Ocean at 32 02N 80 50W.

1685 (5 May; Woodward: 61) "That upon the 19th day of April last bein att the River Yonwhoyaran..." he and his party were seized by the Scots, who took him "to Stuarts Towne Twenty Miles distant from Yawwhoyawran...."

On 18 May 1685, one of the men who accompanied Woodward was also interviewed. He said they were seized "att a place called Amercaraio att or nigh Westoe River..." (Willis: 67).
Yawwhoyawan

Three others corroborated his testimony (Salley 1928-1947: II, 68). Thus the Yonwhoyaran R. and the Westo R. (and therefore the Savannah R.) are almost certainly identical.

Younwhoyaran (emphasis added) seems to incorporate "Hoya" (q. v., c. 1599), who were earlier near if not on the Savannah.

Yeowee, var. Yeshoe

Yeshoe (Yeowee, cf. 1932; Yeshoe, 1682), place S of Goose Creek opposite St. James Goose Creek Chapel; renamed Otranto (about 32 58N 80 03W).

1682 (7 Dec.; Bull 1696-1703: 92-94) Indenture mentioning the "...Plantation on which ye said Arthur Middleton now lives nigh Goose Creek in ye: Province aforesaid Commonly Called Yeshoe..." (cf. 1928).

1928 (Smith: 20-25) Smith gives a thorough account of the records involving "Yeshoe or Otranto" tract.

1932 (Stoney: 16) "Otranto, originally called Yeowee, was in 1678 the plantation of Arthur Middleton." Cf. the map opp. p. 4 which shows Otranto Plantation on the S side of Goose Creek opposite the Chapel and about six miles northeast of where the Creek flows into the Cooper R. (32 58N 80 03W).
